Official Publication of Kalamunda Aeronautical Model Society (Inc). **ISSUE: SEPTEMBER 2011**

Recent new addition to the Mark Jensen stable of aircraft is this beautiful Curtiss Jenny. It is another one of the popular large scale ARF's coming from Austars. 50cc DLE petrol for power. I'm told it flies beautifully.

Good to see the planning for the development of new club facilities is well underway. Our club is one of the best in the country already but with a new shelter, hangar extensions and hardstand it will be hard to top. Well done to all involved with the project, we look forward to the progress.

Now winter is behind us soon we'll have a firmer surface to fly off and drier ground under foot. Spring also brings some great events to KAMS. Check out our calendar to see what suits you and we'll see you at the field.

HAVE YOU BEEN BITTEN BY THE SCALE BUG?

*If you love aeromodelling, you must have dreamt of flying a scale aircraft at some time.
Or do you fly scale already and want to become more involved in this area of our hobby?*

The Scale Society needs AWA members from all clubs to carry on the tradition of scale modelling and flying. And you don't have to be a scratch building genius to be part of it. If your passion is golden era, warbirds or civilian aircraft we would love you to become part of the scale society. There's no fee to join or tasks to fill, simply become involved during the many scale rally's held at clubs throughout the year.

There are only a few competitions and ARF's can be flown at most of them. Flying scale aircraft is not difficult and very rewarding and you'll find the scale fraternity are a great bunch of people who love welcoming new flyers.
