Business Arising from Committee Meeting

- Working Bee went well. It seems two sprinklers have disappeared from the shed these are being replaced.
- National events have been programed are being included into next year's calendar.

General Business

- Geoff reported discussion with Peter Brien and John regarding grants and we expect a grant of \$30,000 is not out of the question. Whitfords are confident of \$20,000 from the lotteries commission.
- Pat Pinder reported a meeting of the field development committee discussing getting a builder as a preferred contractor, to proceed with firming up costs. The Nationals was discussed and it was decided to aim for May / June after the Nationals has finished. Still waiting for Builders to return calls. Forms will require signing by the secretary as representative of the club.
- Saturdays Bring and Buy is getting large response, sausage sizzle will be provided.
- Pylon was a great success last weekend an looked encouraging for future events.
- Geoff reported the practice at Whiteman Park of flying from near the start of the runway. This should not impact KAMS, as this is preferred only when flying Jets of Bitumen Runways.
- Discussion was held regarding general safety at the field. The committee and report back.
- Next years calendar was discussed and will be ready for publication in December. Pylon shall be added back to the calendar. 6 Days Not June July August.
- Discussion was held regarding moving one or both of the glider full day events no IC days in the calendar. It was agreed to be re examined at the December Meeting when hopefully more Glider flyers will be present for comment.

Meeting Close

Being no further matters, the meeting closed at 21:20hrs

2. There are five days of the year where no IC activity is permitted. These are: New Years Day, Good Friday, Easter Sunday, Christmas Day and Boxing Day.

HAVE YOU BEEN BITTEN BY THE SCALE BUG?

*If you love aeromodelling, you must have dreamt of flying a scale aircraft at some time.
Or do you fly scale already and want to become more involved in this area of our hobby?*

The Scale Society needs AWA members from all clubs to carry on the tradition of scale modelling and flying. And you don't have to be a scratch building genius to be part of it. If your passion is golden era, warbirds or civilian aircraft we would love you to become part of the scale society. There's no fee to join or tasks to fill, simply become involved during the many scale rally's held at clubs throughout the year.

There are only a few competitions and ARF's can be flown at most of them. Flying scale aircraft is not difficult and very rewarding and you'll find the scale fraternity are a great bunch of people who love welcoming new flyers.
