

# Slipstream

Official Publication of Kalamunda Aeronautical Model Society (Inc). Issue: July 2012

Welcome to yet another edition of Slipstream, this being my first attempt at putting it together since taking over the reins from Ian, hope I can do it justice, hopefully in the months to come my MS Word and Publisher skills will improve enabling me to come close to the great job that Ian has done over the last few years, please bear with me..

If anyone has anything that they would like to include in any upcoming editions please feel free to send it to me at [legin@iprimus.com.au](mailto:legin@iprimus.com.au) and I will endeavour to find a spot to put it, as you can see there is no shortage of space, perhaps a bit of a story of the build that you are carrying out during the wet and windy weather creating a new chariot ready to take to the air in the upcoming Perth summer.

## HAVE YOU BEEN BITTEN BY THE SCALE BUG?

If you love aeromodelling, you must have dreamt of flying a scale aircraft at some time. Or do you fly scale already and want to become more involved in this area of our hobby?

The Scale Society needs AWA members from all clubs to carry on the tradition of scale modelling and flying. And you don't have to be a scratch building genius to be part of it. If your passion is golden era, warbirds or civilian aircraft we would love you to become part of the scale society. There's no fee to join or tasks to fill, simply become involved during the many scale rally's held at clubs throughout the year.

There are only a few competitions and ARF's can be flown at most of them. Flying scale aircraft is not difficult and very rewarding and you'll find the scale fraternity are a great bunch of people who love welcoming new flyers.

For more information on the Scale Society of WA please contact Ken Wansbrough on 9291 6327
