*Treasurers Report Accepted - Moved: Gary Herren*

*Seconded: Ken Heinz Carried Unanimously*

The following new member(s) have applied, paid their appropriate dues and been duly nominated and seconded by a financial member:

### New Members:

| Name            | Class  | Wings | MAAA  | Proposed         | Seconded      |
|-----------------|--------|-------|-------|------------------|---------------|
| Bradley Ruthven | Senior | Nil   | 81932 | Jason Trebilcock | Geoff Doughty |

To be recommended to General Meeting.

Wings: Nil

### Field Managers Report

- Weather permitting, some repairs to the driveway entrance will be made this Friday 22<sup>nd</sup> August.

## **AWA Report**

- AWA AGM was held this month;
  - New President – Steve Brown (WAMASC President)
  - New Vice President – Shane Ballingal (WAMASC Member)
  - New 2<sup>nd</sup> Vice President – Trevor Letchford
  - New Secretary – Allan Criniti (Wanneroo Member)
  - Treasurer re-elected – Ross Cant
- The new Committee called for Peter Brien and Bill Davies to receive Life Membership to AWA. This was agreed by the membership
- Steve Brown stated that there was an offer from MAAA to grandfather in a couple of multi-rotor instructors, as none currently exist for this new part of the hobby. A new MOP now exists calling for Bronze & Gold Wings standards, which is where instructors will be required. The AWA committee will look at options.
- There are pending Gas Turbine Inspector applications from Ian Clapp and Brian Kidd
- AWA Finances are all good. From a \$10800 deficit last year to a \$12100 credit this year. Current balance is \$107254.
- A \$15000 grant has been approved for SWARMS

### **Committee Business:**

- Murray Tingey will follow up with insurance renewal from Cathi Deany at Unity Insurance Brokers.
- Chris Jones has contacted us stating that he never received a 20yr certificate in 2012. Records indicate he indeed joined the club in 1992. The committee will produce and issue a replacement certificate.
- Harry Aarts also indicated that he never received his 10yr certificate in 2012. He joined in 2002. The committee will produce and issue a replacement certificate.
- The committee will act as safety officers in the absence of a current safety officer.

### **General Business:**

- Last meeting, Murray Tingey raised a motion that the KAMS By-Laws be amended regarding the hand launching of models. The By-Laws currently state:

#### **5.6 HAND LAUNCHED MODELS**

*Models must be launched by a helper from a position at the windward end of the pilot holding area and approximately five (5) metres in front of the pilot holding area.*

Murray Tingey put forward a motion that the wording of paragraph 5.6 be changed to read:

#### **5.6 HAND LAUNCHED MODELS**

*Models must be launched from a clear position at the windward end of the pilot holding area and approximately five (5) metres in front of the pilot holding area.*

In accordance with Paragraph 32(2) of the KAMS Constitution, it is up to the membership to vote as to whether this amended By-Law will be replace existing By-Law 5.6.

There was a further amendment to wording of the By-Law made by Murray, seconded by Peter Francis. The wording was changed from "...a clear position at the windward end..." to "...a clear position at the upwind end..." The meeting voted and the amended bylaw was passed. The current bylaws will be amended and published accordingly.

- Graham Harding paid his renewal fees on 21<sup>st</sup> June 2014. He then made contact with the committee on 27<sup>th</sup> June stating that work/personal commitments meant he wished to tender his resignation from the club and was seeking a refund of his renewal fees.

The KAMS constitution makes it clear that no refunds are to be issued to members that resign from the club:

*"16.(3) A person who resigns from the Society shall not be eligible for a refund of any monies previously paid."*

Graham is disputing this fact, despite what is in the constitution, and feels that a refund is warranted. He was told that the executive committee is bound by the constitution, however in this instance only the issue would be brought to the attention of the membership at the next general meeting, for the membership to have their say and vote on the matter.

Ken Heinz proposed, Ian Johnson seconded. The membership voted and the motion was passed. A refund of \$270 will be granted.

- The committee will look into installing another two water tanks behind the centre shelter, the tanks being the same size as those currently installed behind the northern pits. One of the tanks should have a tap on it to assist in field maintenance duties.

Geoff Doughty raised a motion authorising the committee to spend \$3500 on the new water tanks and earthworks. Gary Herren seconded. The membership voted and the motion was carried.

Murray Tingey pointed out that to finance the installation of the tanks that it will be necessary to withdraw funds from the KAMS Interest Bearing Fixed Deposit to the value of \$3000; as currently the club is about 29 members down on the figures attained last financial year.

- Murray Tingey asked the membership if some kind of ribbon cutting ceremony is warranted when the redevelopment works are finished? Murray went on to ask if the membership think it would be appropriate to name the new building the 'Ken Wansborough Pavilion' or something similar? The meeting decided that a plaque should be erected in the new shelter saying 'Dedicated to life member Ken Wansborough'. Ian Johnson suggested that Pauline Wansborough would still like to spread Kens ashes on the field. Ian will check back with Pauline as to what she would like to do as she is moving back overseas shortly.

A motion was moved by Neil Giggins to place a plaque at the field honouring Ken. Seconded by Ian Johnson. The membership voted and the motion was passed.

Neil Giggins agreed to host the unveiling ceremony for the plaque. A free sausage sizzle will be held to commemorate the occasion.

- Eric Gooch warned members to be aware of snakes at the field. Despite the cooler wet weather there is still a presence of snakes at the field.
- All members are reminded that if you use a coffee cup from the kiosk, please clean up after yourself.
- The committee will follow up with Keith Willans regarding the possibility of obtaining a key for the Western Power meter box at the field.
- Ken Heinz asked that the alarm in the shed be looked at, as it needs to be fixed and made operational.

| Wednesday, 31 December 2014      |         | New Year's Eve                 |               |       |

## Note:

- The notation **Restrictions** means that the restrictions that are set for Public Holiday are in force. This means that the timetable for operations at the field is that of a Sunday.
- There are five days of the year where no IC activity is permitted. These are: New Years Day, Good Friday, Easter Sunday, Christmas Day and Boxing Day.
